Jean Porsche

Jean Porsche tiene un estilo propio y definido, que queda plasmado en todos sus proyectos, aunque su adaptabilidad y entendimiento de las necesidades del cliente hacen que cada proyecto sea único y diferente. Un estilo alegre, refinado, inspirado en el Hollywood Regency, en el esplendor del lujo europeo reinterpretado en América. Son expertos en color, en mezclas de esas que pocos se atreven con texturas, materiales, geometrías y formas; estas son algunas de las claves para crear interiores singulares y únicos en el estudio de Xsche.
