## Tradition and innovation in a single marble.

Un **marmo italiano** scoperto di recente e già richiestissimo per la ricchezza dei dettagli e delle sfumature, declinato in quattro nuance calde e originali. La **nuova** tecnologia **Reactive 3d Evo** ha permesso di metterne a punto una versione ceramica **ultra-realistica**, **trasformando** in **dettagli tattili e visivi** dalla matericità seducente sia le **venature** più fini e luminose che i ciottoli più definiti.

A recently discovered Italian marble that is already in great demand for its richness of details and shades, declined in four warm and original nuances. The new REACTIVE 3D EVO technology has made it possible to develop an ultra-realistic ceramic version, transforming both the finest and brightest veins and the most defined pebbles into tactile and visual details with a seductive materiality.

Un marbre italien récemment découvert et déjà très apprécié pour la richesse de ses détails et de ses nuances, disponible en quatre couleurs chaudes et originales. La nouvelle technologie REACTIVE 3D EVO a permis de développer une version céramique avec un effet très réaliste, transformant aussi bien le veinage plus fin et plus brillant que les galets plus définis, en détails tactiles et visuels selon la matérialité originale et séduisante.
