(KINSTONE / KINMARBLE / KINWOOD)

APE BEST FOR YOU
NEW COLLECTION

— KINFOLK

Kinfolk is a fusion of trends. Nordic, vintage, rustic and industrial designs are intermingled with a wide variety of fabrics, prints, colors and materials that blend together.

Kinfolk by APE Best for you is a very complete collection that consists of a decor set, three inspirations, five finishes and the most advanced technical features. The Kinfolk decor consists of 10 different pieces with striking shades and a matte finish that uses the carvin gloss technique to create a relief under the glaze that enriches its floral design. However, Kinfolk knows no limitations and offers a total of three different series: Kinwood, Kinstone and Kinmarble.

Kinfolk es un cruce de tendencias. Diseños nórdicos, vintage, rústicos e industriales se entremezclan con una amplia variedad de géneros, estampados, colores y materiales que se entremezclan.

Kinfolk de APE Best for you es una colección de lo más completa que se compone de un decorado en línea, tres inspiraciones, cinco acabados y las características técnicas más avanzadas. El decorado Kinfolk se compone de 10 piezas diferentes con tonalidades muy llamativas, acabado mate y un carvin brillo, un relieve bajo el esmalte que enriquece su diseño floral. Sin embargo, Kinfolk no entiende de limitaciones y ofrece hasta un total de tres series distintas orquestadas para que combinen entre sí: Kinwood, Kinstone y Kinmarble.

Kinstone blends perfectly with your home. Its matte finish is reinforced with an active protective glaze. This aspect contrasts with the application of a shiny carving effect on its pieces. This effect reproduces the erosion of worn stones and, at the same time, is a way to radiate light through the texture. In addition to its exquisite aesthetic, Kinstone stands out for being a multi-format and modular series with a wide variety of pieces.

Kinstone se mimetiza a la perfección con tu hogar. Su acabado mate está reforzado con un esmalte protector activo. Este aspecto contrasta con la aplicación de un efecto carvin brillo en sus piezas. Dicho efecto reproduce el desgaste de las piedras erosionadas y es, a su vez, una forma de irradiar luz a través de la textura. Además de su exquisita estética, Kinstone destaca por ser una serie multiformato y modular con una amplia variedad de piezas.

Kinwood is the first porcelain wood in our large format catalog. It has an innate, simple elegance that requires no ornamentation; however, it is also a technically complex series. Its pieces have a veined effect and a subtle relief under the glaze that undulates the veins of its surface. In terms of color, it offers warm and versatile shades. The result of combining innovation and sophistication is Kinwood: a sober series full of interesting nuances and details.

Kinwood es la primera madera porcelánica en nuestro catálogo de gran formato. Posee una elegancia innata, sencilla, que no requiere ornamentos; sin embargo, también es una serie técnicamente compleja. Sus piezas presentan un efecto vetado y un sutil relieve bajo el esmalte que ondea las vetas de su superficie. A nivel cromático, ofrece tonalidades cálidas y polivalentes. El resultado de unir innovación y sofisticación es Kinwood: una serie sobria repleta de matices y detalles interesantes.

Kinmarble is that adventurous side that we all have and that dares to take new paths. It combines simplicity with a wild travertine marble with the minimal stone of Kinstone, a design that fuses the other two series that make up the collection and makes Kinmarble Kinfolk's wildest bet. Six coloured inks have been used in its pieces and a mixture of two effects: carvin matt and gloss, a very interesting combination that creates a suggestive texture that gives the piece a textured surface with a singular pattern.

Kinmarble es ese lado aventurero que todos tenemos y que se atreve a emprender nuevos caminos. Combina la sencillez con un mármol travertino agreste con la piedra minimal del kinstone, un diseño que fusiona las otras dos series que componen la colección y convierte a Kinmarble en la apuesta más salvaje de Kinfolk. En sus piezas se han utilizado seis tintas de color y una mezcla de dos efectos: carvin mate y brillo, una combinación muy interesante que crea una sugestiva textura que otorga a la pieza una superficie texturizada con un patrón singular.
